CALL FOR PAPERS

technical sessions.

Zhengzhou, the Henan Province provincial capital and a historical city, is one of the most important Chinese inland open cities. There are many historical and scenery places to visit, including the ancestral Hall of Zen Buddhism, Shaolin Temple (the birthplace of Chinese Kung Fu) Hometown of the Yellow Emperor, Songyang Academy, Yellow River Scenic Area in Zhengzhou, Henan Museum, Fuxi Grand Canyon, Sanquan Lake, China Green Expo Park, etc. The participants will surely have unforgettable experiences.

Topics for the conference include, but not limited to

- Audio and speech processing
- Underwater communications and networks
- Sensor array and multi-channel SP
- Image and multimedia SP
- Radar and sonar SP
- Detection, estimation and classification
- Space time processing and MIMO systems
- Modulation and detection
- Channel estimation and equalization

- Machine Learning for communications
- Signal processing for communications
- Wireless communications and networks
- Optical communications and networks
- Internet of things
- Microwave, antennas and propagation
- Cognitive radio and sensor networks
- Circuit and systems for signal processing
- Embedded system design

Paper Submission

Submitted papers must not have been published previously and they must not be currently under consideration for publication at any other venues. All submissions will be handled electronically. The full papers should adhere to the standard 8.5" X 11" IEEE format and must not exceed 6 pages and accepted papers will be submitted to the IEEE for inclusion in the Xplore Digital Library.
